# My story

---

- Hello my name is Kendra Hummer the reason behind the role with it committee It's because my Story begins with me Born three months premature I have a quadriplegic Cerebral Palsy which affects my central nervous system long story short I'm in the wheelchair full-time time Throughout the course of my life I've had to battle for everything in my life with the help of my faith and my family I constantly have to prove to people that my disability doesn't define and to make people realize that they need to look beyond my disability .Fun fact about me I'm a Triplet

# The reason Behind it

---

the main goal I have For this Committee Is to change the society perspective about individuals who are cognitively all their Individuals to have the same opportunities as everybody else in the community throughout the course of my life I have not seen very much that. what I really want to change because we're not made equal but the Society like to All Put it on the same pedestal that is not okay. My goal is to make a change for the better.

# The curriculum

- Here is the plan for the curriculum that they're going to be seminars twice a month in person and online that way everyone had access so they don't now on opportunity to learn skills and the opportunity to apply them in the workforce.
- The online platforms will give us a chance to be flexible with peoples staff schedule and that will also give us the opportunity to reach more people by being online This will include video chats, YouTube, and Facebook.
- here is the list of The curriculum I want to apply To all the areas in everyday life.
- Continue on to the next Slide To find out What the curriculum Contains.
